

## The Israel-Hamas War in Gaza

Editorial by Donna Diorio 1-13-09

One of the storage facilities for thousands of Kassam rockets fired from Gaza into the city of Sderot since August of 2005.

Since Israel decided to put a stop to the terrorist rain of missiles on her towns in the south from the terrorism bad lands of Gaza, conflict has been rippling through the Body of Christ – not just between those in Israel and the Palestinian areas, but also in other parts of the world. We need to be cognizant of the spiritual warfare we all have entered into at the same time as the physical conflict is fiercely engaged in Israel and Gaza. This is not the time to hand the enemy of our souls the advantage.

As a Christian who has heavily invested in listening to the voices of the believing indigenous Body of the LORD in Israel, I can tell you that I am always challenged by people who don't like how I stand on the issues of Israel. It comes with the territory. However in times of war, like in the past couple of weeks, there is such a rise in conflict between brothers over how different ones view the issues.

There are those with no compassion whatsoever for the plight of Palestinian people – a position that grieves the heart of God. There is also a position that is only superficially informed about the history, nature and dynamics that Israel faces day in and day out, year in and year out from Islamist terrorism avowed to eradicate Jews and Israel from the map.

Of the latter, portions of the Church somehow accept the premise that the humanistic secular media is reporting the truth when it casts Israel as a menacing Goliath against a helpless and cowering Palestinian people.

I realize this is because of spiritual deception, but if those in the Church who held this view would just do the due diligence on the facts you would see and know the truth. It is a truth summed up succinctly in a newspaper editorial today, **" Hamas is not a mass national liberation movement of the Palestinian people: It is tiny Islamo-Fascist organization that forcibly took control of a disheartened strip of land and turned it into a nightmare of an Islamic state."**

Yesterday, Israeli Foreign Minister Tzippe Livni said, "I can understand that sometimes the situation and the pictures that come from Gaza are difficult." But in fighting Hamas in Gaza, she continued, "Israel is doing what the entire free world is doing and needs to do, which is to fight terrorism."

When people magically separate *Israel's* need and right to fight terrorism targeting Israeli citizens, from the rest of the world's right and need to fight the Islamist terrorism targeting our citizens, I call that religious deception and hypocrisy.

I really would like to be more diplomatic about this, but I wonder how that is possible when I see huge demonstrations of anti-Semitism across American cities and the cities of the world churning hatred toward Israel.

Newspapers are not covering the fact that the core makeup of these international demonstrations are organized and fueled by pro-Hamas Arab supporters. Hamas is a terrorist organization for any of you who have been persuaded they are just "Palestinian soldiers" fighting with Israeli soldiers over disputed parcels of land. Hamas is an Islamist terrorist group that says the State of Israel has no right to exist at all.

The fact is that secular humanistic media are making *an editorial choice* to publish photos that downplay the pro-Hamas makeup of the demonstrators. It is part of the establishing facts on the ground to portray the demonstrations as a mostly non-Middle Eastern protest.

There is longstanding editorial choice behind the broadcast and print media favoring the pictures of Palestinian suffering, but rarely the scenes of Israelis in carnage and suffering.

These pictorial-editorials are not exactly a lie but close enough. If the media does not deliver all the facts then the whole, honest-to-God truth is not revealed. On the contrary, the media has long stacked the deck against public support of Israel. Remember, the press is mostly secular humanistic in its thought processes, ethics and morals. They believe their view is the high ground and the presentation of the conflict between Israel and terrorist groups is the media attempt to set its own agenda in public opinion toward the conflict.

It is not conspiratorial thinking about the evil media. It is simply understanding the power of the humanistic mindset that rules most of the media. Christians have all seen it in operation many times before so why should any Christian accept that the media are conveying the truth about Israel to us?

This is the same Israel that God has said many times over in the Scriptures that He would keep an eternal covenant with. Jeremiah 31:33-36 is not a matter of private interpretation: The promise of God is that the sun and the moon will cease before Israel will cease to be a nation before Him forever.

**It is also not a matter of ignoring that the Lord loves the Palestinian people. It surely is the heart of God to bring many Palestinians to salvation, rescuing them from tyranny of abuse they have suffered because of the Islamist agenda of hatred.** The opportunity is squelched by the rule of terror groups over the Palestinian people. Even before the war broke out we were getting urgent prayer requests for Christian Arabs threatened with murder in the West Bank and Gaza by terrorists. Thousands of Christian Arabs have fled the country for precisely this persecution by fellow Arabs who are Islamists.

As I pity children brought up in racist enclaves of America, like the [**White**] Ku Klux Klan, [**White**] Aryan Nations, [**Black Nation of Islam and Black Panthers**], so I deeply pity the Palestinian children. This is a people who have been kept living in squalor for decades by their own leaders because their continued suffering suited the cause of [**Rome's Jesuit/Freemasonic-controlled**] Islamist propaganda.

Millions have been given to benefit and raise the quality of life for the Palestinian people, but it was not just greed in the Palestinian Authority leadership that gobbled it up. It was also the propaganda value of Palestinian suffering in the refugee camps – those inside West Bank and Gaza, as well as those over the neighboring borders [**Lebanon and Jordan**]. No one allowed the Palestinian people to benefit and live any better because their lives are cheap, traded for the propaganda value of blaming their plight on Israel.

Palestinian lives are cheap – they are raised from the cradle to the grave with indoctrination to embrace suicide 'martyrdom' as their greatest value in this life. I saw it myself in the much evidence presented in

two 12-week trials of a Hamas fund raising group recently convicted in Dallas for material aid to Hamas in Gaza and the West Bank.

Until the [pope's] terrorist stranglehold is taken off the Palestinian people, they will never be given the opportunity to live a normal, peaceable life. Many people think the gospel only thrives in hardship and persecution, but it is a fact that the Palestinians will never be able to respond to the gospel until the power of Islamist terrorism control is broken off of them.

The desire among Israelis for peace is so strong, but the ability to give peace is impossible when terrorists control the Palestinian population. How can there be peace when Israeli cities around Gaza are being terrorized by thousands of Kassam rockets falling on their schools, their homes, their streets and their playgrounds? This is the cause of the current conflict.

I want to give you the tools to educate yourselves in what is really going on beyond the headlines of [Rome's CFR-controlled] CNN or the New York Times, both notoriously unbalanced in presentation of the Israeli-Palestinian conflict. I am asking you to trust that I am a seasoned veteran of the propaganda wars that go on surrounding the conflict and have learned to fact-check and know the reliable sources from the unreliable.

I am asking you to consider the resources that I put in front of you in this weekly *Arrows from Zion* prayer summary and the special focus issues I do on my [IsraelPrayer.com](http://IsraelPrayer.com) and my blog [IsraelWatcher](http://IsraelWatcher).

I am not a propagandist for Israel but a Christian who knows that God has purpose for the indigenous Body in Israel – the Messianic Jewish and the Palestinian Christian.

This conflict is not about a perverted version of an Israeli Goliath against a little David Palestinian. It is about Islamist hatred of the purposes of God in Yeshua-Jesus in Israel and the whole Middle East. This is where I am putting my stake in the ground. As a person of God, I must rise and stand against that no matter what the eventual and ultimate cost.

### End of Article

**The following is a supplement and commentary to the above article by author Eric Jon Phelps:**

**We must remember that the Jesuit Order, in control of all the nations of the world through its Invisible Empire of high-level, occult Freemasonry, controls both sides in the continued Israeli-Palestinian conflict. It is the Vatican that controls the American CIA, it having created and now controlling the Israeli Mossad. It is the Vatican that also controls the Arab Muslim PLO (Islamic Freemasonic Yasser Arafat having had at least eight audiences with the pope of Rome remembering that his French wife was a Roman Catholic) and now the more fanatical Hamas and Hezbollah. Therefore, we are not surprised to observe that in the recent Israeli War on Hamas in Gaza (due to continued rocket attacks by Hamas into Israel over the last several years), Hamas has not been conquered, something quite easy for the IDF to accomplish if it had merely been commanded to do so. But because both the Mossad and Hamas are being coordinated by the Jesuits ruling the Vatican, the real victims of this war are first the Israeli Jewish civilians living on the border of Gaza as well as the Christian and Moslem Arab civilians living in Gaza. It is a perpetual war of annihilation of racial Jews and racial Arabs, the only two races in the Holy Bible with racial promises to inherit during the Messiah's earthly kingdom yet to be established at the second coming of that Messiah Himself, the Lord Jesus Christ (Isaiah 19:18-25).**

**In conclusion, we New Testament and Old Testament Bible-believing Protestants and Baptists defend the right of the Lord's Hebrew/Jewish/Israelitic racial people (though presently in their international Diaspora and national unbelief) to their land (Ezekiel 36:24) first given to them via the**

Abrahamic Covenant as recorded in Genesis 15:18; 17:8). That land was forever given to them through their patriarchal fathers, Abraham, Isaac and Jacob---the father of the twelve tribes of Israel. However, we Bible-believing Protestants and Baptists abhor the present government of Israel as established by the papacy in 1948, that government being the forerunner of the “scornful men” ruling Jerusalem at the time of the Second Coming of Messiah Jesus as stated in Isaiah 28:14. For the CFR-controlled Masonic Jewish Labor Zionists treasonously ruling on behalf of the papacy in the Vatican’s quest to make Jerusalem an international city with a Third Hebrew Temple in its midst, is not ruling for the benefit of the Hebrew/Jewish/Israelitic people; rather, it is ruling for the diabolical plans of the Black Pope directing the papacy in its plot to rule the world via a final pope, to be murdered and risen from the dead and thereby become the Antichrist of I John 2:18 and 4:3, he being the Roman Gentile “Beast” of Revelation 13:3-10,17-18.

Meanwhile, we Bible-believing Protestants and Baptists have great sympathy for the Arab people suffering at the hands of their own Freemasonic Arab leaders ruling the PLO, Fatah, Hamas and Hezbollah. There are many tens of thousands of Arabs who would love to live at peace with the Jews in Israel as well as to emigrate and re-settle in Lebanon, Jordan, Egypt or any of the other 22 Arab Moslem nations in the region. But the pope’s Freemasonic Arab leaders in those nations will NEVER permit that exodus to transpire. We are reminded of Jordan’s Freemasonic King Hussein killing over 10,000 Arab Moslem Palestinians in 1970 called the “Black September Massacre.” Creating a state of desperation for all Arabs within Israel, Rome will continue to use the PLO, Fatah, Hamas, and Hezbollah to kill Jews, as well as to kill Arabs resistant to the determined domestic agitation within Rome’s “Kingdom of Jerusalem” ruled by the Black Pope and his papal crusaders, the Knights of Malta and Freemasonic Knights Templars.

The solution to Rome’s incessant agitation within Israel is to agree on the following terms:

1. Israel has the right to exist as per the Word of God, Genesis 15 and 17.
2. The Land of Israel is the property of the racial descendants of Abraham, Isaac and Jacob. No other people have a claim to that land of Canaan (Ezekiel 36:24). If the Arab Moslem nations so desire, they may expel their resident Jews and aid them in their resettlement in Israel. (A similar exchange between Greece and Turkey occurred in 1922 after WWI. Greeks were sent back to Greece from Turkey and Turks were sent back from Greece to Turkey, a truly biblical piece of foreign policy.)
3. Israel is to be purged of all of its papal masters and popish persons, beginning with the Jesuits and the Roman hierarchy of priests, bishops and archbishops. All these men of power are merely extending the spiritual and temporal powers of the pope of Rome, nothing more. This purge will extend to all Freemasons now loyal to Rome, and especially the Masonic Jewish Labor Zionists ruling Israel while hating and afflicting their own racial Hebrew/Jewish/Israelitic people attempting to live and prosper in Israel.
4. All Israeli Secret Intelligence Services must be purged of their papal masters and therefore begin to protect the nation of Israel from all enemies, foreign and domestic.
5. All Arab Freemasonic Secret Societies, including the Moslem Brotherhood, must be outlawed and all Arab terrorist organizations must cease to exist. Any individual Arab found to be a member of a secret society-based terrorist organization within the borders of Israel shall be executed.
6. All foreign intelligence agencies including the American CIA and FBI, the German BND, the Russian FSB and SVR, the British MI5 and MI6 (now called the Secret Intelligence Service) along with another intelligence agency connected with the above Jesuit-directed agencies, must be expelled and banned from the soil of Israel. Any foreign intelligence agent found within the borders of Israel will be executed. This policy will sustain biblical nationalism of any nation.

7. All political connection with the pope's New York-based Council on Foreign Relations and any of its subsidiaries must be terminated. Organizations included in the ban would be the Trilateral Commission, the Bilderbergers, the Council for National Policy, etc.
8. With the Jews now temporarily "set aside" by God during "the times of the Gentiles" and Jerusalem being under Gentile rule until the Second Coming of Messiah Jesus, Israel must be under the protective suzerainty (overlordship) of some Gentile people (Luke 21:24). These Gentiles can either be righteous Bible-believing people "blessing" the Jews in their land, or wicked Bible-rejecting people, "cursing" the Jews in their land--as is the case today. Therefore, the White Protestant and Baptist Bible-believing people within North America should immediately seek to establish their own nation somewhere in North America, preferably on the North-Eastern seaboard. In separating from Washington, D.C, and thus Rome, that new White Gentile, Bible-honoring nation could then be used by God to bless his nation of Israel and thus inherit the national blessing promised in Genesis 12:1-3. This is the plan of Eric Jon Phelps, author of *Vatican Assassins*.
9. Lastly, all parties involved shall pray for the peace of Jerusalem, thus bringing another blessing upon themselves in accordance with Psalm 122:6:

*"Pray for the peace of Jerusalem: they shall prosper that love thee."*

Part of that peace we seek for Jerusalem will be facilitating the building of the Third Hebrew Temple of God (Revelation 11:1-2). That Temple will not be built for the immediate benefit of the pope of Rome, but for the use of the Hebrew/Jewish/Israelitic people who must inhabit the city of Jerusalem (Zechariah 14:1-4) and the land of Judah (Matthew 24:16) in the midst of a re-gathered Israel (Ezekiel 36:24) to which Messiah Jesus will come again at the Mount of Olives (Acts 1:9-12), appearing the "second time" to the world "without sin unto salvation" of the nation (Hebrews 9:28).
